LOCAL NEWS.

STONING CANAL BOATS. - The Baltimore American on Monday took very sensible ground in regasd to the reported stoning of a canalboat at Harper's Ferry a few days since because the captain was charged with carrying freight at "ruinous rates." The boat was the Thomas J. Baker, which, we understand, was running by the day, instead of by the trip. The crew of the boat was so demoralized that they quit work. Others could not be procured, and the captain of the boat has had to lay up, and await such time as he can attend to his business without molestation.

In the Hagerstown News is au account of some disorder y proceedings at Sharpsburg and vicinity, in which thirty men participated. They represented that Samuel McGraw, superintendent of Antictam division Chesapeake and Ohio canal was obnoxious to them, and if not removed by the company they would remove

him themselves. The canal boat Kate Prather, Captain Lewis F. Fernsuer, loaded with gas coal, which left Cumberland on Tuesday evening, was stoned at the aqueduct, about four miles below the city, which point she passed about nine o'clock in the evening. The reports are that about two hundred stones were thrown, and considerable damage done to the boat. No reason is known for the act, unless it is that the captain has a charge lodged against him similar to the Baker's captain. — Cumberland News

THE MILLER CAR COUPLER.-Yesterday afternoon a number of gentlemen representing the various railroad companies of Baltimore witnessed in that city the practical working of Mr. Joel Miller's improvement on Gruver's patent car coupler. In addition to the railroad men a large number of capitalists, who have become interested in the patent, were present. Mr. Joel Miller, the gentleman who invented the improvement, was a year or so ago a resident of this city. A practical railroad official, who witnessed the very satisfactory trial of the coupler yesterday, states that the cost of the common coupling pins lost every six months would nearly pay for the improvement, even if the safety of the new couplers to railroad employees is not con-

AN HONEST FORTUNE TELLER. - Mayor Kemper received a letter this morning from Madame Florence, the fortune teller, who was lately in this city, but now in Richmond, in which was inclosed five dollars, which the writer requested might be returned to Jas. L. Connelly, from whom she had received it as a fee for telling him where to find hidden treasure. She had understood, she said, that his mining operations, though persisted in to the extent of damaging the foundations of all the houses in the neighborhood, had not met with the suc-cess they deserved, and that she was unwilling to retain possession of money paid for a purpose that had not been achieved.

PERSONAL. - Gen. Denver, of the law firm of Denver & Peck, of Washington, formerly Secretary of State of California, Governor of Colorado, and, during the war, a general in the U. S. army, has purchased the house of Mr. James S. French, on north Royal street, for the sum of five thousand dollars, and possibly may make it his future residence. The general is a Virginian, but has lived so long in the West that almost everybody has forgotten it, having been born and raised near Winchester. Mr. French will hereafter reside upon his farm in the southwest part of the

WESTWARD, Ho! -- Mr. R. T. Lucis, member of the City Council from the 4th Ward, who left this city yesterday for Del Norte, Colorado, which place he intends to make his future home, was accompanied by Mr. Joseph Clarke, of the firm of Javins & Clarke, bricklayers, who has also resolved to leave his native clime for the more bustling scenes of western life. There are others in the city through whose brains have "flitted" thoughts of migrating to the locality selected by Mr. Lucas, and who are only waiting to hear from him after he reaches there to make up their minds definitely upon the subject.

AMICABLY ADJUSTED -A considerable crowd repaired to Hooff's Run, upper end of King street, yesterday afternoon, to witness the termination of a fight that had commenced some moments before lower down the street, but had been interrupted in order that it might be fought out in a more unfrequented spot. After the ground was selected the "embattled" pugislists engaged in a bloodless conflict which was soon brought to a close by a well directed blow which sprawled one of them on the grass and induced him to cry, "Hold! Enough!"

A PASTORAL CALL. -- The Baltimore Gazette says:-Rev. Douglas Forrest has been called to the rectorship of St. John's P. E. Church. Howard county, near Ellicott City, but has not yet signified his acceptance. He will visit the parish soon, and deliver a sermon. At present he is rector of a church at Wytheville, Va., and he served as deacon with Rev. Hugh Roy Scott in Baltimore. During the late war Rev. Mr. Forrest served in the Confederate navy with his father, the late Commodore Forrest. He is a gentleman of culture and ability.

THE MISSING MAN FOUND. - James Millan, a carpenter in the employ of the Alexandria and Fredericksburg Railroad, who got his pay roll cashed on Friday last, and disappeared so suddenly and mysteriously immediately thereafter that his friends and family became alarmed and anxious about him, and advertised him as lost, returned last night, accounting for his absence by stating that he had been drugged, taken to Philadelphia and robbed there of all his money.

POLICE REPORT. - Affairs at police headquarters are unusually quiet, nothing having occurred there since yesterday's report, and the policemen basking in the sunshine on their respective beats are quietly enjoying their

ease with dignity. Six wearied souls, whom ill luck held in her cruel grasp, found rest and shelter from the

chilling breezes last night at the station house. PERSONAL - Mr. John H. Brent, of this city, while sitting in the Court house at Warrenton, yesterday, was suddenly taken with a congestive chill, which caused him to fall from his seat to the floor. He was at once removed to the residence of his nephew, Gen. Hunton, and a private telegram from there this morning stated that his condition had improved. Dr. Lewis left here this morning to attend him.

DRY GOODS AUCTION. -Mr. Wood, who is now having his stock of dry goods sold by auction, is a man of strange devices. As a means of attracting people to his sale to-day, he dressed the blackest colored man he could find in a bed spread of the brightest hues, and after making him promenade the streets in that garb, waving a flig and ringing a bell, posted him

on the side walk in front of his store. Col. Dodamean has resigned this position as Superintendent of Transportation on the Chesapeake and Ohio Railroad, and returned to the Greensville and Columbia Railroad in South Carolina. Captain W. N. S. Dunn bas been appointed his successor.

INVESTIGATING COMMITTEE. - The special Committee of the City Council appointed to investigate the charges of inefficiency brought against the City Surveyor, met again last night, but adjourned until to-night after examining one witness, George Taylor. Mr. Carter was not present. Dr. French, one of the committee, moved that the adjournment be sine die, but bis motion was not carried.

IMPORTED LIVE STOCK .- Among the live stock imported from England and landed from the steamer Nova Scotia at Baltimore last Wednesday were a beautiful thoroughbred chestuut mare, from the south of England, five dogs, two of them beagles, two harriers, and one collie, besides a lot of pigeons, rabbits and hares for Mr. Leonard Lywood, of Prince William county, Va.

TORPEDO BOAT.-The government torpedo boat which has been at the Washington Navy Yard for some time past, made another trial trip down the river yesterday afternoon, firing torpedoes as she went, and producing, it is supposed, the liveliest excitement among the finny tribe by the disturbance her explosions created in the waters of the Potomac.

FOR THE PENITENTIARY. - George Allen, the colored man sentenced at the last term of the Corporation Court to three years in the penitentiary for breaking into and robbing the store of Wm. Recker, upper end of King street, two years ago, left here on the mail boat this morning for Richmond, in charge of the City

Bug Fish.-It is understood that alewives, or bug fish, have made their appearance in large numbers in the Potomac. This is considered by some to be a bad sign for a prosperous fishery, as indicating the departure of the herring, but by others, of equal experience, as of no importance, and having no relation whatever to the presence or absence of other fish.

BY TELEGRAPH.

The Gulkwar of Baroda. CALCUTTA, April 23. - Lord Northbrook, Viceroy of India, has issued a proclamation deposing the Guikwar of Baroda, declaring him and his issue precluded from all the rights appertaing to the sovereignty of the country and compelling the Guikwar and his femily to select a place for their internment in British India. The Viceroy says this measure is based independently of the recent trial of Guikwar upon his notorious misconduct, gross mis-government and incapacity. Furthermore the restoration of Guikwar would be detrimental to the interest of Baroda. The Vicercy will select a member of the Guikwar's family to reign.

Death of Col. Yerger. BALTIMORE, April 23.-Col. E. M. Yerger,

formerly of Mississippi, but for several years past a resident of this city, died very suddenly last night. At one time his name was prominent before the public in connection with the killing of Col. Crane at Jackson, Miss., for which he was tried by military commission. The deceased was in apparently good health up to one o'clock yesterday evening. For several years since residing in Baltimore he was proprictor and editor of the Evening Journal.

The Tichborne Case.

LONDON, April 23 .- The motion of Dr. Kenealy impugning the verdict of the jury in the Tichborne trial is to be taken up this afternoon in the House of Commons. A large crowd is assembled about the Parliament House, and it is fast increasing. Trouble is apprehended and hundreds of extra policemen have been stationed around the building. Dr. Kenealy arrived at the Parliament House at 4 p. m. His appearance was greeted with great cheers from the throng on the streets.
